CRONER REPORTS

Jury Finds Miss Rappe Came
to Death Through Come-
dian's Attack

San Francisco, Sept. 14. — The coroner's jury returned a verdict today finding that Miss Virginia Rappe, now picture actress, came to death through the rough handling of an actor, Roscoe C. Arbuckle, who was held responsible for Miss Rappe's injury and the death through the coroner's jury.

The verdict charged Arbuckle with manslaughter and directed that all of the sources concerned conduct a full and exhaustive investigation.

It was held that Miss Rappe came to death through the application of force which we believe from the evidence was applied by Roscoe Arbuckle, and we hereby charge him with manslaughter.

We recommend that the district attorney, chief of police, grand jury and prohibition enforcement officers take steps to prevent a further occurrence of such events so that San Francisco will not be the rendezvous of debauchees and the kangaroo.

One Juror Dissents.

Sen. Boas, one of the nine jurors, returned a minority verdict in which he said that Miss Rappe's fatal injuries were caused by the application of force which he was unable to say "who applied it."

Two charges of murder, one preferred by the police and the other by a Bambina Maud Belmont, friend of Miss Rappe, and two charges of manslaughter, one returned by the jury and the other by the police, were returned against Arbuckle.

The coroner's jury returned a verdict of manslaughter after an examination of witnesses, which started last night. Arbuckle, although apparently deeply moved, accepted the verdict with composure.

The verdict was the outstanding one of the Arbuckle case today. Other developments were:

Starting of an investigation into charges that liquor was brought to the hotel rooms where Miss Rappe was alleged to have suffered an attack which ended in her death. Finding of Betty Campbell, show girl and one of those attending the party, after she was reported to have appeared, and her interrogation by a district attorney.

Statement of Captain of Detectives that one of the girls who attended the party was asked to accept a bribe to withhold her testimony.

Arbuckle Comes Up Friday.

District Attorney Brady said he had decided what course to pursue in regard to the murder charges. In view of the manslaughter charges, he would not make Arbuckle eligible for bail at once, the district attorney declared.

He will not be able to obtain temporary liberty until the charge of murder is disposed of. Brady said. "If the murder charge is withdrawn he will be able to obtain his freedom pending hearing on the manslaughter charge."

Zeh Prevost before the grand jury last night is said to have altered statement made to District Attorney Brady, which brought charges from Brady that the witnesses had been intimidated. Alice Blake, in her testimony, corroborated Miss Prevost's statements, it was said.

Miss Halston told of being present at the post mortem on the body of Miss Rappe, which was performed by Dr. William Ophuls and Dr. M. E. Campbell last week.

Fatty's Creditors in Line.

Los Angeles, Sept. 14. — Raymond Gould, interior decorator, has filed a suit against all the known creditors of the late Roscoe C. Arbuckle in Los Angeles as a detail to a suit for \$11,400 which Gould said was due him for decorating the house and grounds of Arbuckle's residence here, it was announced today.

This was the second attachment brought against Arbuckle's property here, the first having been filed Monday by a furniture company which charged Arbuckle owed the company \$2,500, said to be the purchase price of 25 pieces of furniture.

HARDING'S SECRETARY HURT.

New York, Sept. 14. — George B. Christian, Jr., secretary to President Harding, was confined to the presidential yacht Mayflower today with two fractured ribs. He slipped and fell down a companionway. Brig. Gen. Sawyer, the President's physician, who is attending him, said today that his patient was doing well and that there was no danger.

MRS. KABER'S BID FOR FREEDOM FAILS

Is Placed in Solitary Confinement
Following Alleged Plot for
Jail Delivery

Marysville, Ohio, Sept. 14. — Following the discovery of an alleged attempt to escape from the state reformatory for women here, Mrs. Eva Catherine Kaber, who is serving a life sentence for the murder of her husband, a wealthy Cleveland publisher, today was reported by reformatory officials to have instituted a four-day hunger strike ten days ago, when the alleged plot was discovered, and she was placed in solitary confinement.

Mrs. Kaber is still in solitary confinement today. Mrs. Louise Mittenfiorf, superintendent of the reformatory, announced that the conspiracy was discovered when she intercepted letters written to Mrs. Kaber by Miss Marian McCardle, her daughter, who is in a Cleveland jail awaiting trial for complicity in the murder.

According to Mrs. Mittenfiorf, Mrs. Kaber smuggled out two letters, through the aid of a sewing room matron, to a "Mr. Sademan" of New York, and an unknown person in Cleveland, plotting a jail delivery in which Mrs. Kaber was to make good her escape. The conspiracy provided that violence, even to the murder of Mrs. Mittenfiorf and her husband, was to have been used, if necessary, Mrs. Mittenfiorf said today.

According to Mrs. Mittenfiorf, Mrs. Kaber offered the sewing room attendant whose name was not made public, \$5,000 for smuggling out the letters. Mrs. Kaber is alleged to have told the sewing room attendant that she was to receive \$50,000 from a moving picture company for her life story. Mrs. Mittenfiorf was to have received \$5,000 of this amount, and Governor Davis a like sum, Mrs. Kaber is reported to have told the sewing room matron.

'BIG BILL' TILDEN AGAIN BEATS RIVAL

William M. Johnston Defeated in
Four-Set Match on Philadelphia Court

Philadelphia, Sept. 14. — For the second time in two years, William T. Tilden of Philadelphia destroyed all chance of William M. Johnston of San Francisco securing permanent possession of the championship tennis singles cup, by defeating him here today, 4-6, 7-5, 6-4, 6-3, in the fourth round of the annual titular tournament.

A year ago, Tilden won from Johnston in the final round. Today on the courts of the Germantown Cricket club, the local player erased the little Californian in a four-set match and apparently cleared the way for retention of the championship which he won for the first time in 1920.

Johnston was not the only former title holder to be eliminated, however. For R. Norris Williams of Boston, champion of 1914 and 1915, went down to defeat before J. O. Anderson, an Australian tennis cup player. In hard five-set matches, 6-3, 6-3, 2-6, 4-6, 6-3. Other survivors of the fourth round included Wallace F. Johnston of Philadelphia, Francis P. Hunter of New York, F. Gordon Lowe of England, Willis E. Davis and Robert G. Kinsey of San Francisco.

Tilden's victory makes the final round, scheduled for Saturday, rather an anticlimax. The holder of both the American and English titles is conceded to be the class of the remaining field, and it would be a most astounding reversal and upset of tennis form if he was to be defeated during the next three days of national championship play.

Mrs. Mallory Also Victorious.

Philadelphia, Sept. 14. — Mrs. Mollie Eljardet Mallory, woman's national tennis champion, had little trouble in winning her way into the third round of the women's middle states tennis tournament at the Philadelphia Cricket club today, defeating Miss Virginia Carpenter, Philadelphia, 6-1, 6-3.

DEMPEY-JOHNSON BOUT PROPOSED IN BOSTON

Boston, Sept. 14. — A proposal to hold here on October 12 a six round no-decision bout between Jack Dempsey and Jack Johnson was announced today by George J. Higham, state adjutant of the disabled American veterans of the world war. Johnson, he said, had agreed and it was believed Dempsey would do so. Higham was drawing up a formal application to the state boxing commission. The proceeds would be used for the relief of disabled soldiers.

FOUR KILLED WHEN HIT BY TRAIN NEAR FORT PLAIN

Utica, Sept. 14. — Hiram Crouse, track foreman; Edward Neillston, and two Italian workmen whose names are not known, were instantly killed while waiting on the New York Central tracks near Fort Plain today when a fast train rounding a curve.

SCHOONER PICKED FOR RACE

Gloucester, Mass., Sept. 14. — The schooner Mayflower today was chosen to represent the United States in the international fishmen's race off Halifax October 25. Selection of the Boston vessel was announced by the American Race committee after the schooner Elizabeth Townsend had been ruled ineligible because of her limited fishing experience.

ACCUSES FIVE BIG PACKERS

Official of Grocers' Organization
Charges They Would Control

ASSAILS DAUGHTERTY

Says Attorney General Plans to Do
Away With Government
Restrictions

New York, Sept. 14. — Sylvan L. Stix, treasurer of the National Wholesale Grocers' association, in behalf of its 4,000 members, tonight issued a statement charging the "big five" meat packers of Chicago again were attempting to obtain control of the entire general food supply of the country.

He also asserted that apparently the "big five" would have "the active support of the attorney general's office in scuttling the governmental restrictions that were thrown around the 'big five' by the Wilson administration after years of public agitation."

He expressed fear that within a week Attorney General Daugherty might set aside those provisions of the government's "consent decrees" entered into with the packers in 1920 whereby the "big five" agreed to restrict themselves to the handling of meat and meat products.

An Unthinkable Idea.

"The idea that the department of justice of the United States should clear the way for the development of an enormous, compact food trust to dominate if not monopolize all of the nation's foodstuffs, is unthinkable," said Mr. Stix.

"The National Wholesale Grocers' association has been won over to this strange attitude because of his sympathy for conditions that have been alleged to exist in California. He has received an application purporting to represent the views of certain California tanners, indicating that an 'emergency' exists, and that unless the 'big five' meat packers are allowed to buy and move their crops, the growers and consumers will be greatly injured."

Mr. Stix denied that an emergency existed, asserting that California crops were being moved through usual channels, and also denied that the "big five" by the "consent decrees" were at present prevented from buying and marketing the crops.

"In the first place," he said, "the 'consent decrees' have never been in effect. It is not now in effect, and will not be until February 27. The 'big five' are entirely free at this time to move California crops."

U. S. TAKES NEW STEP IN ARMAMENT PLAN

Suggests to Other Powers Tentative List of Subjects for Discussion at Conference

Washington, Sept. 14. — The American government again has taken the initiative in the armament negotiations by suggesting to the other powers a tentative list of subjects for discussion at the coming conference.

The proposal as forwarded to the foreign capitals for consideration does not go the length, however, of enumerating all the specific controversies which this government considers pertinent to the armament discussion. It is confined rather to a grouping of broad questions of policy without any attempt to speculate as to what particular cases may arise under them.

So far, none of the invited nations has replied formally to the suggestions, but officials are understood to have received encouraging reports of the reception of the list abroad. It was drawn up on the basis of extensive informal exchanges of views among the interested governments.

The American communication has not been made public and there is charge of the negotiations are declining to reveal its contents pending a definite agreement on the final list, which will comprise the text and limitations of the deliberations of the conference.

DEATH OF DRUG INSPECTOR MAY ALWAYS BE A MYSTERY

New York, Sept. 14. — Colonel O. C. Forrer, who has been investigating the death by shooting of Frank J. Fitzpatrick, federal narcotic agent, in a wash room of a Brooklyn hotel, tonight issued a statement saying his investigation had revealed no positive evidence of either murder or suicide. Colonel Forrer came here from Washington to investigate the case for the government. He said he believed the mystery of Fitzpatrick's death never would be solved.

DISMISS HOMICIDE CHARGES.

New York, Sept. 14. — Homicide charges against Duke B. Duke, son of Benjamin Duke, millionaire tobacco merchant, were dismissed today by Magistrate McGeehan in the West Farms court. Henry Haubert, moving picture producer, and his chauffeur, co-defendants, were also discharged on the ground of insufficient evidence. The homicide charges were based on the death of Owen Kivton, who was killed two weeks ago when the automobiles of Duke and Haubert were in collision.

CITY SUES PAPER FOR TEN MILLION

Verdict in Chicago Case Would
Virtually Put Tribune Out
of Business

Chicago, Sept. 14. — Whether a city or the municipal corporation may sue a newspaper for libel, alleging damages approximating the value of the entire establishment of the latter, and through a verdict for the full sum, virtually put the newspaper out of business, will be one of the chief issues in the case of the city of Chicago against the Chicago Tribune, which is to be called for hearing on September 22.

The suit, filed in circuit court in December, 1920, after a bitter Illinois Republican primary campaign of that year, asks damages for \$10,000,000, alleging that public charges against the financial part of Mayor William Hale Thompson's administration had impaired the city's credit and hampered the conduct of municipal business. A similar suit has been filed against the Chicago Daily News. In each instance, the city sued in its corporate capacity.

Thirty-six news items or editorials, published by the Tribune between June 15 and September 15, 1920, are cited by the city's attorneys as the basis for the suit. Many of them declared flatly that the city was "broke." Others referred to the use of script for paying city employees. In several instances, it was stated that the city treasury faced a huge deficit, and one item quoted Lieutenant Governor Oglesby, a candidate for the gubernatorial nomination, as fixing this figure at \$12,000,000.

BANK OFFICIAL MURDERED.

Dodge Center, Minn., Sept. 14. — D. T. Rounsville, vice president of the First National Bank of Dodge Center, was shot and instantly killed in the bank late today by a man presumed to be a robber.

His assailant was captured just outside of town.

F. D. ROOSEVELT TO NEW YORK.

Eastport, Me., Sept. 14. — Franklin D. Roosevelt, former assistant secretary of the navy, who has been seriously ill at his summer home in Campobello, N. B., left for New York in a private car today. He was unable to walk or sit up, but talked cheerfully before he left.

PETER MANNING TROTS SYRACUSE MILE IN 1:58

Syracuse, Sept. 14. — Peter Manning, driven by Tommy Murphy, equalled the world's trotting record for all horses, regardless of sex, by covering a mile in one minute and 58 seconds at the State Fair track here today. Peter Manning was started to beat two minutes, world's record for five-year-old geldings.

TEN MEN MEET TRAGIC DEATH

Burned to Crisp When Explosion
at Refining Plant Sets Petroleum
Tanks Ablaze

NO CHANCE TO RUN

Workmen Drenched With Flaming
Oil Before They Could
Leap to Safety

Philadelphia, Sept. 14. — Ten men are known to have been killed and more than a score injured, several of whom are expected to die in the second and serious fire to visit the big Point Breeze plant of the Atlantic Refining company in a month. Three more men are reported missing and may have been burned to death beneath flaming tanks of petroleum.

The fire was preceded by a terrific explosion which drenched workmen with flaming oil before they could leap to safety, killing several instantly. Others employed further back from the tanks were sprayed with the searing petroleum and painfully injured. Only prompt action by the company's organized rescue squads prevented the death list from mounting higher, witnesses declared.

A dense pall of smoke accompanied the first blast, making it difficult for the rescuers to reach men who were frantically trying to save themselves from being burned to death.

Trooped in the Flames.

The explosion occurred in the north section of the yard where several hundred men are employed in the manufacture of naphtha.

Many of these work in underground tunnels where fires that boil the crude product into naphtha are maintained. Some of the dead were trapped in these tunnels by veritable rivers of liquid fire. So fast did the blaze travel that even those working in section of the tunnel some distance from the tanks in which the explosion occurred could not leap to safety before being badly burned.

The intense heat hampered the efforts of rescue workers. Flames shot more than 100 feet in the air, and the under-tunnel passage became seething masses of fire close to which city firemen were unable to approach for several hours.

It is feared the three missing men were trapped in these tunnels and "hoops" is entertained for them if such is the case.

Most of the bodies recovered were burned beyond recognition. Several of the victims were working on a scaffold only a few feet from the explosion. Before they could make a move to save themselves, they were hurled to the ground a flame from head to foot.

Officials of the Atlantic Refining company were unable early tonight to explain the explosion, the second fatal accident of the kind to occur in a month. The first was on August 14, when five men were killed and property damage to the extent of a million dollars was caused. While the fire last night occurred at a time when comparatively few men were at work, today's blast caught the full force at its busiest hour.

CONVICT MAKES A THRILLING ESCAPE

Saws Through Sing Sing Bars,
Slides 70 Feet on Phone Wire,
and Dives into Hudson

Osining, Sept. 14. — Joseph Sorace, a manslaughter convict in Sing Sing prison, made a thrilling escape early today. Sawing through the bars of his cell, Sorace climbed through a trap door to the roof of the prison, slid 70 feet to the ground on a telephone wire, scaled the prison wall and dived into the Hudson river. He emerged below the prison and disappeared in the darkness.

Although Sorace left a dummy on his cot, Warden Lewis E. Laves, said the convict had less than a 10-minute start when his escape was discovered by a watchman.

The prison warden warned the community that a prisoner had escaped, and 10 automobiles filled with armed guards set out on a search for the fugitive.

Sorace's escape from Sing Sing was the first in six months and was the first made by the way of the roof in 40 years. The last escape by the roof route was effected by a slide down a lightning rod, since removed.

Sorace was sent up from New York for a ten year term. With allowances for good behavior he would have been freed in 1927.

COOPERATION BETWEEN CITY AND COUNTRY MUCH DESIRED

Syracuse, Sept. 14. — Steps toward further cooperation between residents of the cities and of the country districts in the great agricultural questions which so vitally affect them both, were discussed at a dinner here tonight which was attended by Governor Nathan L. Miller, Lieutenant Governor Jeremiah Wood, heads of various state departments, and leaders in city and rural life. The dinner featured the Grange day program at the state fair and was given by Jerome D. Barnum, publisher of the Post-Standard. Sherman J. Lovell of Fredonia, master of the national Grange, was toastmaster.

COURT OF JUSTICE QUICKLY SELECTED

John Bassett Moore Is American
Member; Auction Comes
as Surprise

(By the Associated Press)

Geneva, Sept. 14. — "The bench of the international court of justice, elected by the assembly and council of the League of Nations today, appears to give general satisfaction to the delegations with few exceptions. Eleven judges were chosen as follows:

John Bassett Moore, United States; Viscount Robert Finlay of Great Britain; Dr. Yozoru Oda of Japan; Dr. Andre Weiss of France; Commendatore Danile Anzilotti of Italy; Dr. Rui Barbosa of Brazil; Dr. B. T. C. Loder of Holland; Dr. Antonio S. de Bustamante of Cuba; Judge P. M. Holt of Denmark; Dr. Max Huber of Switzerland and Dr. Rafael Altamiray Crevea of Spain.

Owing to the difficulties of satisfying geographical and other considerations, and because also of the complicated system of election, it was expected that it would require several days to choose the judges. Just at the general surprise, nine were chosen on the first ballot. The bench represents all four of the great systems of jurisprudence and nearly every race and tongue in the assembly. The American candidate, John Bassett Moore, was chosen on the second ballot. His election provoked the greatest applause of the day.

New York, Sept. 14. — John Bassett Moore announced at his residence here today that he would accept the election to the international court of justice. He is in his 61st year. Ellihu Root, who had declined election because of age, is 75.

Mr. Moore has been professor of international law and diplomacy at Columbia university for 20 years and has had a varied public service involving international relations. He was a law clerk of the department of state in 1885, third assistant secretary of state from 1886 to 1891, assistant secretary of state in 1895, secretary and counsel of the Spanish-American peace commission in 1898, counselor of the state department in 1914. He has been a member of the permanent court at The Hague since 1914 and is vice chairman of the international high commission, organized at the Pan-American financial conference in 1916. He has written many books dealing with international relations.

CURRAN MEN UNITE TO FIGHT TAMMANY

Indicate at Love Feast They Will
Give Hard Battle for Control
of City Hall

New York, Sept. 14. — Republicans indicated today with a love feast that they would give hard battle to Tammany for the control of City Hall.

With Henry H. Curran, president of the borough of Manhattan, picked at yesterday's primary to head the Republican ticket against Mayor John F. Hylan, unsupported for the Democratic nomination, Curran's managers bright and early began their task of lining up the party for the coalition.

The first step was a luncheon at the Hotel Belmont arranged by Secretary of State, when the Curran campaign manager and attended by the victor and vanquished in yesterday's fight, O. P. majority contest. Brand broken, the vanquished—William M. Bennett, Judge Reuben L. Haskell and F. I. LaGuardia—declared that they were all good Republicans and would serve the city where they were needed.

James J. Hines, anti-Tammany candidate for the Democratic nomination for borough president of Manhattan, announced tonight, after a conference in the state attorney general's office, that he would contest in the supreme court tomorrow the result of the ballot counting which gave his opponent, Julius Miller, a lead of about 8,000 votes.

Application would be made, he said, for an order restraining the local board of elections from issuing a certificate of election to Mr. Miller and also for an order requiring an examination of the ballots.

TEXTILE WORKERS TO SEEK NATIONAL 44-HOUR WEEK

New York, Sept. 14. — The United Textile Workers of America, at its annual convention today, voted to conduct a national campaign for a 44 hour week in places where the 48 hour week now prevails. In Canada, and in some southern states where a 56 and 62 hour week now obtains, an effort will be made for a 48 hour week.

The convention voted to pay a monthly pension for life to Mrs. John Golden of Fall River, Mass., whose husband was for many years president of the organization. The amount will be fixed by the executive council.

It was voted that hereafter not more than two members of the executive council should be named from any one city.

HANG NEGRO TO POLE.

Columbia, La., Sept. 14. — Gilmore Holmes, negro, was lynched last night for an alleged attack on Sidney Mannheim, station agent at this place. Mannheim was reported today to be in a dying condition.

The negro was taken from the sheriff and hanged to a telephone pole in front of the station where the attack on Mannheim was made. After firing a number of bullets into the body, members of the mob cut it down and burned it.

WILL RESTORE TRANSIT TAXES

Senators, However, Decide to Cut
Them in Half and Discontinue
After 1922

REJECT HOUSE PLANS

Committee Votes to Impose Manufacturers' Tax on Toilet
Articles and Medicines

Washington, Sept. 14. — Many house proposals for tax changes were rejected or sharply modified today by the senate finance committee. Probably the most far-reaching decision of the committee was that to restore all transportation taxes, but with those on freight, passengers and Pullman accommodations in force only for 1922 and at half the present rates. The house bill provided for repeal of all of these taxes on next January 1.

While agreeing to the house plan to repeal stamp taxes on perfumes, cosmetics, toilet preparations and proprietary medicines, the committee voted to impose a manufacturers' tax of four per cent on toilet articles and two per cent on proprietary medicines, and to restore the three per cent tax on toilet soaps and powders, which the house proposed to repeal.

Five per cent reductions in the taxes on air articles, motor boats and yachts, portable electric fans, works of art, agreed upon by the house, were disapproved by the committee, which voted to continue the present rate of ten per cent in each case.

Reduced Tax on Candy.

The section of the house bill reducing the tax on candy from five per cent to three per cent was amended to provide that candy sold at wholesale for more than 10 cents a pound should bear a tax of ten per cent.

In accepting the house reduction from ten per cent to five per cent on the tax on sporting goods, the committee decided to make taxable skates, snow shoes, skis, toboggans and equipment, football and basketball "balls," which were eliminated by the house.

Under a new section added to the house bill, the committee proposed that the tax on chewing gum be reduced from three per cent to two per cent. The house measure made no change in this levy.

The house provision repealing all of the so-called luxury taxes was accepted, but the committee deferred action on the proposal to impose a manufacturers' tax on a number of the articles on which a retail tax is now imposed.

Some of Accepted Provisions.

Sections of the house bill accepted without change included those relating to taxes on cereal beverages and soft drinks; repealing the tax on eyeglasses and spectacles; eliminating the license levies on yachts and motor boats of not more than five tons or over 32 feet in length; and imposing a tax of ten per cent on camera lenses. The beverage tax changes were accepted, however, subject to possible amendment after further information on this subject has been furnished by treasury experts.

While the senate committee was revising the house measure, representatives of manufacturing interests in conference with the Curran campaign manager and work for a tax reform program substantially the same as that which was accepted, however, subject to possible amendment after further information on this subject has been furnished by treasury experts.

Enactment of a general manufacturer's tax.

Retention of present income taxes on individuals with revision of surtaxes.

Retention of the present income tax of ten per cent on corporations.

Retention of existing taxes on tobacco, narcotics and oleomargarine, and retention of existing inheritance taxes.

Steps taken for the manufacturers explained that the proposed manufacturers' tax was not a general sales tax inasmuch as it would be levied, assessed, collected and paid upon every commodity manufactured, produced or imported, when sold, leased or licensed for consumption or use without further process of manufacturing.

Estimated estimates as to savings promised by the several departments for this fiscal year were submitted to the committee by Director Dawes, the indicated savings being reduced from \$350,000,000 to \$305,000,000.

MONARCHY IN BAVARIA REPORTED AGITATING

Berlin, Sept. 14. — A Munich dispatch to "The Tageblatt" today says a number of former members of the Baltic brigade of General Erhardt, the reactionary force which the government had such trouble in disbanded last year, have been arrested on suspicion of being implicated in the murder of Matthias Erzberger. General Erhardt now is in Rosenheim. In Upper Bavaria, and it is reported that considerable numbers of his former troops are leaving Hamburg for Bavaria with the object of the Hamburg Echo calling for establishing a monarchy in Bavaria with former Crown Prince Rupprecht at its head.

THREE LIVES FOR ONE.

Hibbing, Minn., Sept. 14. — John Webb, who shot and killed three members of the Hibbing police force last Thursday night, shot and killed himself early today in a shack one mile east of Hibbing, when surrounded by a police posse.

GREY LAG IS NOW UNDISPUTED LEADER OF THREE-YEAR-OLDS

Star of Rancocas Stable, Grey Lag.

The continued success of the Rancocas Stable's Grey Lag, which is now the undisputed leader of the three-year-old division, has given rise to the question of just how good this son of Star Shoot really is. The colt has triumphed against horses of mature years as well as those of his own age, and is being favorably compared with the three-year-old champions of other seasons.

Grey Lag has achieved enough so far to establish him as a race horse of great merit. He has proved his ability to race over a distance of ground and to carry weight. His trainer, Sam C. Hildreth, regards him as one of the best horses he has ever trained and he has trained some noted turf stars. Hildreth is confident that he could have won the Kentucky Derby with Grey Lag had the colt not gone lame. But so far Grey Lag is a better horse than was Purchase as a three-year-old.

It is doubtful if the most enthusiastic supporters of Grey Lag will claim that he compares with Man O' War.

Make Odd Collections.

The eccentricities of collectors make amusing reading. Kate Vaughan, the famous English dancer, used to collect penny toys. Small cannon had an attraction for Lord Powerscourt, while Miss Rothschild had a partiality for pipes. Dolls, women's stockings, hangman's ropes, and instruments of torture fascinate some collectors, while others spend time and money in acquiring royal relics—the handkerchief on which Charles I. blew his nose, the table napkin on which William III. wiped his hands, the teacup from which George III. drank tea.—London Mail.

Seed Wheat Not Easily Killed.

Scientific farmers will assure you that the seed of wheat loses its life within, at most, ten years, but Dr. Asa Gray wrote: "In ordinary cases leguminous seeds have longest preserved germinating power; in some very well-authenticated cases up to seventy or perhaps one hundred years. Nearly uniform temperature, darkness and either dryness or burial beyond atmospheric influence most favor the prolongation of vitality."

University Motto of Dutch Origin.

The motto of Harvard university, "Christo et Ecclesiae," is of Dutch origin, according to a statement made by Clifford B. Clapp of the Henry E. Huntington library, San Gabriel, Cal., in an address before the Colonial society of Boston. This motto, he said, was undoubtedly taken from an inscription on one of the portals of the Academy of Franeker, founded in 1585 by the estates of Friesland.

Early Irish Coin.

One of the early coins in Ireland was the eagle, made of base metal and current about 1272, but an earlier coin was the farthing, made of silver, during the reigns of King John, and now very rare and of great value.

SENTIMENT FOR PRO BASEBALL IN JAPAN

Visit of Waseda Team Was Most Remarkable Event.

Game From Then on Ceased to Be Children's Play and Became Object of Sympathetic Study and Play Among Students.

The visit of the Waseda University baseball team to this country this summer has attracted considerable attention and the team has held its own pretty well, says the East and West News.

The western games, as they are played in Japan, are essentially students' recreation. Baseball stands preeminent among them. It is played by all classes of students, including the primary school children, as well as college men.

The first baseball team in Japan was formed some thirty years ago, and the game became widely known in 1898, when a game was played between the team of the First College of Tokyo and an American team. In that game the Japanese most unexpectedly defeated the American team, which evoked wild excitement in the country. The event created great interest and enthusiasm of the people in baseball, and it speedily became the most popular sport of the country.

The most remarkable event in the Japanese annals of baseball was the expedition of the Waseda team to America in 1905. From the standpoint of the scores made the visit was a failure, because in most of the games played it was defeated. It was in the consequent revolution in Japanese baseball playing that the event proved fruitful. From this time on the game ceased to be a children's play and became the object of systematic study and discipline. Much money was expended, well-known coaches were hired, men were trained as professional baseball men are trained. The result of the innovation was the appearance in Japan of two strong rival college teams, Waseda and Keio. These two rival teams competed for supremacy for many years.

Ever since that time a cosmopolitan spirit arose in the Japanese baseball world and various college teams of America were invited to Japan, and many Japanese teams visited America. The University of Chicago team made two expeditions to Japan, each time returning victorious.

The most exciting event of the Japanese baseball was staged last autumn when an American professional team, composed of men from the major leagues, visited Japan and played with some college teams there. The match, of course, was similar to a battle of a lion and an ass. What interested the fans most was the finished form of standard play which the great players displayed for the first time in Japan.

The Care of Your Teeth.

A teaspoonful of lime water in a glass of milk, taken every day, will help to strengthen the teeth, and will also sweeten the breath. The teeth should be brushed after every meal with a little bicarbonate of soda dissolved in warm water. One of the simplest and best dentifrices for ordinary use is white Castile soap and precipitated chalk. A few drops of tincture of myrrh in a little water makes a delightful mouth wash. Chewing the bark of cinnamon is both an antiseptic process and a healthy one for improving the teeth and gums.

To Rid a Lawn of Moles.

To exterminate moles from a garden or lawn take a tablespoonful of turpentine and mix it well with a cupful of ordinary sack salt, and with a tablespoon scatter it through their run ways.

When Baby is teething, how Mother's heart goes out to the little sufferer, as she sees the torture of those swollen, inflamed gums.

DR. HAND'S Teething Lotion makes a happy baby at teething time. You give Baby nothing internally, just wet your finger with the lotion and apply to the aching gums.

What a Mother says:—

"Your Teething Lotion is surely a friend in need. My baby could not sleep day or night with pains in the gums, and my mother told me to try Dr. Hand's Teething Lotion. It was just what I needed and found instant relief. My baby doesn't like the bottle to be put away." M. A. Ray Bowser, Osnaburg, Pa.

CHINESE NOTION OF JUSTICE

Avenging a Murder by Wiping Out the Entire Family of the Slayer.

Peking, China.—Recently a soldier-servant of Gen. Wu Ching-tung, a former garrison commissioner at Nan-yang, Honan, and protégé of Gen. Chang Tso-lin, infuriated by his master's censure and maddened by drink, ran amuck and killed the general, his brother and his chauffeur. He then attempted to escape, but found himself trapped and jumped into the river from the ex-German band. He was shot dead when he rose to the surface, and when his body was recovered it is reported to have been dismembered with a view to burying fragments of it with each of his victims.

All this was bad enough, but the latest developments of the case seem to call for something more than censure. It appears that Gen. Chang Tso-lin intrusted the arrangements for the burial of General Wu and the avenging of his murder to Gen. Li Fanchen. The latter has ordered the arrest and transportation to Tientsin of all the murderer's family, which comprises his old mother, his widow and three children, and apparently the intention is to shoot them in cold blood, to placate the soul of the murdered general.

This is justice according to the ideas of the super-tuchuns. Their armed coolies may rob and murder and destroy to their heart's content, as long as they confine their activities to civilians. Their usual reward for such exploits is the prompt payment of arrears of salary, and complete immunity from punishment. Rarely is any attempt made to bring the looters and murderers to justice. But when one of the super-tuchun's protégés is murdered by a retainer, the crime must be dealt with in unrestrained savagery.

Forenoon Marriages.

Why is noon the traditional and fashionable hour for wedding ceremonies? Because the hour became the customary one in England many years since, when the rule of partaking of the holy communion as the first act together of the married pair was universally obeyed. It was not permissible to celebrate that sacrament after mid-day.

Diplomatic Youngster.

Harold was often allowed to visit his grandmother, but was always told the hour he should return home. On arriving at his grandmother's one morning he was asked how long he could stay. "Well, grandmother, I don't remember whether mother said ten o'clock or three o'clock, but I'll go home after dinner and ask her."

No Fox; No Fables.

Foxes have figured in the fables of every race of men on earth since the dawn of history, writes Dr. R. W. Shufeldt in the American Forestry Magazine. Take what the fox did out of the fables of Aesop and other writers of fables and their work would be robbed of four-fifths their interest.

PITS DUE TO BAD PRIMING

LONGITUDINAL SECTION OF RIFLE

What poor priming does to your rifle barrel

It eats away the smooth surface, digs little "pits," and ruins the accuracy of the barrel.

Through fifty years of effort the U. S. Cartridge Company has developed a priming that minimizes the effect on the rifle barrel. The famous N. R. A. 22 and all U. S. Rim-Fires are made with this priming.

It means a longer, a much longer, life for your rifle. With most ammunition, rifle barrels become inaccurate very quickly. The U. S. Cartridge Company has a rifle which has fired 250,000 U. S. Cartridges and is still fairly accurate.

Be good to your rifle. Keep it clean—which is easy if you use only U. S. Cartridges. We sell all popular styles and sizes. Money back if not satisfied.

New steps have been put up to the front of the Gardner house the past week, making a much needed improvement.

Fair Directors Meet.

The directors of the Morris fair met last Saturday and appointed the police, gate tenders, ticket sellers, etc., and made other arrangements for the coming fair October 4, 5, 6, and 7, which promises to be as large or even larger than former years.

Closed for Lack of Water.

The tractor plant has been closed the past few days on account of low water occasioned by the dry weather.

Happenings in Morris.

Mrs. Lina Potter of Binghamton is spending some time at her Morris home. Miss Steel is spending a couple of weeks with friends in Delhi. Mr. and Mrs. Edwin Crispen of Oneonta were guests of Mr. and Mrs. Charles A. Bowne, Thursday. The new front window addition to McWilliams & Miller's store was put in last

week and when the interior is finished will be a much needed improvement to the corner store. A new pipeless furnace was also put in last week. Miss M. E. Williams was an over Sunday guest of Mrs. Charles Childs of Utica. E. H. Havel of the Citizen National bank of Oneonta has been spending a part of his vacation at the home of his parents, Mr. and Mrs. L. A. Havel. Howard Sloan and wife spent the week-end with relatives and friends in Schenectady.

Attend the Normal This Year.

The following pupils from Morris or graduates from the Morris High school training class, some of them from other towns, enter the Oneonta Normal school this week: Misses Clara Woodward, Elizabeth Chase, Blanche Padgett, Fannie Carleton, Anna Naylor, Susan Bard, Lucille Beebe and Mrs. Howard Sloan. There may be others but we have not heard who they are.

Representing District at State Fair.

This district in the Junior Project Work is represented at the State fair this week by the sewing girls' team from the Gilbertville High school as follows: Mrs. B. W. Anderson, local leader, Marie Tobey, Lulu Hobbs and Marion Olmstead. They also represent Otsego county. John A. Lenox may well feel proud of his part in the work of the Junior Project. He is a faithful worker and keeps things going all the time. This team and the Copes Corners team will both give demonstrations at the Morris fair. The Copes Corners team won second prize at the Otsego county fair last week.

Closed Her School.

WORCESTER GIRL A BRIDE.

Miss Naomi Jones Is Bride of Walter V. Price in Pretty Ceremony.

Worcester, Sept. 14.—At high noon today, at the home of the bride's parents, Rev. and Mrs. W. D. Jones, occurred the marriage of Miss Naomi Cecilia Jones to Walter V. Price of Syracuse. The ceremony, which was performed by the bride's father, was witnessed by a small company of relatives and intimate personal friends.

Miss Jones presented a charming appearance in a gown of white silk chiffon and white satin, which carried a bouquet of white roses. Her maid of honor, Miss Miriam C. Jones, of Ithaca, her sister, was attired in light brown georgette over silk and carried pink roses. The groom's brother, Elmer Price, of Syracuse, was best man.

Following the wedding, a reception to the newly-wedded couple was held, at which about 30 guests were present. The bride's table was decorated with pink and white sweet peas. A dainty collation was served, which was heartily enjoyed. During the reception, Miss Elizabeth Wright presided at the piano acceptably. She also rendered the wedding march prior to the ceremony.

The house decorations were beautiful, the color scheme throughout being pink and white, with hydrangeas predominating. The ceremony was performed before a bank of ferns and asters.

Later in the day, Mr. and Mrs. Price left by automobile for a tour of the Adirondacks, returning from which they will be at home in Ithaca, where Mr. Price is an instructor in Cornell university. The bride is a graduate of Worcester High school, class of 1916, and Cornell university. She is a young woman of attainments and her many Worcester friends will unite in wishing her and her husband a long life of happiness together. She was the recipient of numerous valuable tokens of esteem.

Among guests present at the wedding were Mr. and Mrs. William Price and son, Elmer, of Syracuse; J. D. Tregurtha and mother of Schenectady; Miss Elizabeth Cady of Brooklyn and D. W. Jones and family of Binghamton.

A New Franklin.

Mr. and Mrs. Herman C. Wright are rejoicing over the birth of a ten-pound son, who arrived Tuesday afternoon and has been named Charles Franklin. It will be remembered that the proud dad sells Franklin cars.

Concert and Street Dance.

Next Saturday evening the band will give another concert and street dance. An extra feature will be solos on the concertina, played by Martin Strand, an expert musician.

Worcester Son Married.

Mr. and Mrs. F. E. Robbins attended the wedding of their son, Julian C. to Miss Alice Mae Haley at the bride's home at Rensselaer at noon September 6. After a trip through the Adirondacks and Canada they will visit the groom's parents here.

FUNERAL OF W. R. JENKINS.

Victim of Drowning Accident to Be Laid to Rest Saturday.

Schenectady, Sept. 14.—The funeral of the late William R. Jenkins, whose tragic death at Atlantic City, N. J., was noted in Tuesday's Star, will be held from the Methodist church Saturday at 2 p. m. The local Masonic lodge, of which he was past master, will have charge of the services at the grave.

Members of the O. E. S. are requested to meet at the lodge rooms Saturday at 1:30 p. m. to attend the funeral of Brother Jenkins.

Borden's New Bookkeeper.

Clarence Bulson of Worcester is the new bookkeeper at the Borden factory here, who takes the place of Mrs. Russell Conden. She has resigned her position, expecting to move soon to Millerton, N. Y., where Mr. Conden has his new position.

Married in Middlefield.

Middlefield, Sept. 14.—Carl Eldred of Pleasant Brook and Miss Clara Brown of Roseboom were married at the Methodist Episcopal parsonage in this place on Saturday, Sept. 10, at 2 p. m. Rev. James G. Rice was the officiating clergyman. Many friends extend congratulations.

ARBITRATION PLAN OFFERED EMPLOYES OF TWO RAILROADS

New York, Sept. 14.—Plans for the establishment of a regional board of arbitration are being worked out by the New York Central and Baltimore and Ohio railroads and the railway brotherhoods to adjudicate labor disputes and to interpret existing rules. The board is to consist of eight men, four employees and four representatives of the two railroads. The Big Four chiefs are sounding their unions in regard to the idea and New York Central executives say a favorable answer is expected, in which event the board would start to function as soon as the personnel was chosen.

The jurisdiction of the board would not extend to the consideration of new rules and working conditions, nor to questions of wage schedules, it was explained, but would confine its activities to settling grievances and to problems arising out of the existing rules and working conditions.

The heads of the following railway workers' organizations are negotiating with their men on the New York Central and the Baltimore and Ohio preliminary to the establishment of the board: The Brotherhood of Railway Trainmen, the Brotherhood of Railway Firemen and Enginemen, the Brotherhood of Locomotive Engineers, the order of Railway Conductors and the Switchmen's Union of North America.

GOVERNOR ALLEN ON LABOR.

Philadelphia, Sept. 11.—Governor Allen of Kansas, speaking at a "business revival luncheon" of the chamber of commerce yesterday, urged labor to be more efficient and less dominant. "I am not urging that it is necessary in America to do away with the eight hour day," said the governor, "but it is necessary to do away with the idea that labor prospers most when it works least."

Re-roof for the last time

RE-ROOF for the last time and save money from the very start, because now you don't have to tear off the old shingles. You can lay Johns-Manville Asbestos Shingles right on top of them. You eliminate the chance of damage to plaster or furniture upstairs in case of sudden rain while the work is in progress. No fuss, no muss, no litter, no damage to flower beds near the house, no inconvenience at all. And the double roof will make your upper rooms warmer in winter and cooler in summer.

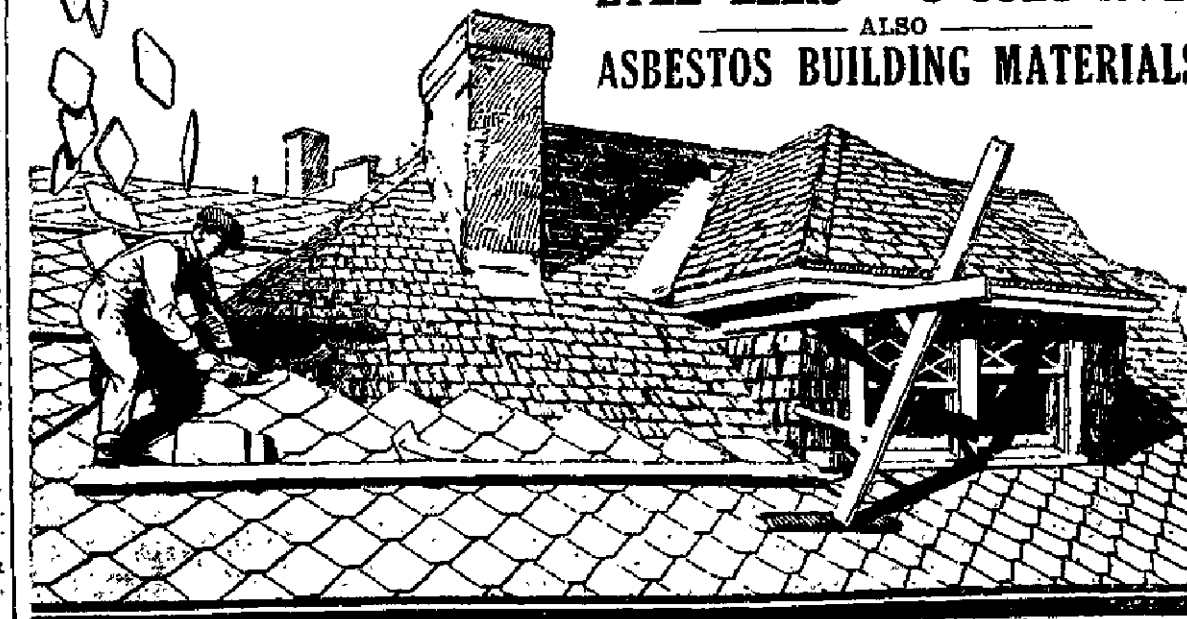

Johns-Manville Asbestos Shingles

last as long as the building they protect. Because they're made of asbestos fibre and Portland Cement, they simply cannot rot or burn, will not warp, curl or split; never rot or dry out and never need paint.

Re-roof for the last time and increase the value of your building. Johns-Manville Asbestos Shingles transform an old unsightly roof into one that is attractive, fire-proof and permanent.

Ask us for the interesting booklet "Re-roofing for the Last Time" which tells the whole story. It contains a lot of valuable information for house owners. Write, call or telephone today.

COMMENTS OF THE PRESS

Our Mandate Rights.

Lord Robert Cecil complains that the United States has held up the mandate, which is not without some foundation, but whether we joined the league or not, our achievements as a nation are not to be measured by the mandate. His lordship is quite unduly excited when he shouts that the nations are arming "to tear one another to pieces." Unfortunately the permanent peace of the world is not yet assured, but it is perfectly certain that no government would precipitate a war within a decade following the peace conference at Versailles, and the league's commission on the reduction of armaments and the President's conference on the same subject may yet accomplish something. — [Philadelphia Record.]

A Good Sign.

Inquiry is made whether a wave of something cannot be discovered that would add to the sum of happiness, as a relief from the crime waves and suicide waves with which we are constantly regaled. It is nevertheless a good sign that a wave of happiness is still not new. Happiness is a good deal commoner, and hence more commonplace, than the pessimists are willing to admit. — [Portland Oregonian.]

Crisis Threatening in Spain.

If there be any truth in the report that the Spanish government is intending or inclining to invite the mediation of France in the matter of Morocco, the gravity of the situation there must be even greater than has appeared from the dispatches, for such an appeal would be tantamount to an admission by Spain of its inability to bring the struggle in which it has become involved with the insurgent Moors to a conclusion compatible with its national interests and honor. — [Philadelphia Inquirer.]

"Remarks" by Senators.

The final index of the Congressional Record for the last eight days of the extra session reveals that Senator Lodge, in the performance of his duties as majority leader, made "remarks" thirty-eight times, Senator Ashurst, in the performance of his duties as speaker of average frequency, twenty-seven times, Senator King, 125 times, Senator Underwood, minority leader, is not indexed as having made a single "remark" — for publication. — [New York Herald.]

Departed Happiness.

Personally we never have regarded bobbed hair as particularly immoral, but we are very glad this interesting style did not come in vogue in that period of our life when we derived a large percentage of our daily happiness from pulling the girls' pigtails. — [Ohio State Journal.]

Explaining It.

Fountain pens figure among the utensils peddled in America for containing illicit whisky. No wonder some of these Americans are such spirited writers. — [London Opinion.]

Heat That Doesn't Melt.

About all the melting pot does now is to make it hot for the immigrant. — [Albany Times-Union.]

Takes Name "Bacdy in Vain."

The individuals who have attempted to revive this extinct conspiracy of Ku Kluxism, and divert it from its original "anti-negro-supremacy" purpose to the propagation of other racial and religious prejudices and passions have taken the name of Americanism basely in vain in the agitation. If there is any country in the world that needs to repudiate, with all its heart and soul, religious prejudices and social cleavages based on religion, it is America. — [Exchange.]

Keep It Muzzled.

In spite of the mild and benevolent qualities attributed to the Ku Klux Klan there is no escaping an impression that it becomes ugly when it is vexed. — [Washington Star.]

Courteous Kentuckian.

You may not like short skirts and all that, but it is true that the girls these days are beautifully dressed. What could be prettier than a vividly hued sweater, white skirt and a becoming hat? — [Louisville Courier-Journal.]

ABNORMALLY WARM AND DRY.

Generally in State Though Otsego Has Plentiful Showers.

Abnormally warm and mostly dry weather continued during the past week, says the Weather Bureau at Ithaca. Showers were quite general on the 11th but were light and of little benefit except in a few localities. The water supply in many sections is very low with reports that some wells have already gone dry.

Silo filling is at its height. Grain corn continues generally in excellent condition and is cutting heavily in most sections. Much plowing and seeding of winter grain has been done. The buckwheat harvest has begun but the reported yields are generally only fair due mostly to the continuance of the hot, dry weather. Potato digging is well under way with generally poor yields. The crop is suffering from the lack of moisture.

Pastures in nearly all sections are very short and dry, much foddering has been necessary. Fruit is developing rapidly and grapes are going to market from the Lake Erie vineyards.

LUTHERAN CHURCH MEETING.

Elder and Deacon Elected—Memorial Baptismal Font to be Dedicated.

There was a largely attended business meeting of the Lutheran church of the Atone ment held last evening in the church parlors. The reports read showed the most successful year in the history of the society with a materially increased membership, fine financial showing and deepened interest in the work.

At the election which followed Howard Decker was re-elected elder and James B. Sobers deacon, each for a term of three years. A beautiful baptismal font of polished marble has been presented to the church by Mr. and Mrs. Walter Landmesser in memory of their infant son, Henry W. Landmesser, who died in January last. The font, which was purchased through George W. Koehler, will be dedicated with appropriate services next Sunday morning, and the dedication will be followed by the baptism of children.

There is nothing on earth cheaper than smiles and good temper. You may have both if you will use Otsego the perfect coffee. Each roasted and ground. In sealed package. adv. 6t

WHAT HAPPENS HEREABOUTS

Events of Current Interest in Otsego and Adjoining Counties.

Rev. Thomas Stevenson of Richmondville received his naturalization papers last week and is now a full American citizen.

The baseball game and dance at Richmondville on Labor day netted about \$225, which sum will be applied on the temple debt of the Odd Fellows.

That woman cannot throw straight is disproved by Mrs. W. Sherwood of McDonough, who lately found a hawk eating one of her chickens. Picking up a stone she threw it with such force and accuracy that the hawk was knocked entirely out in the first round, and before he had time to recover she had dispatched him with a stick.

Fruit prospects are better than they were a month ago, but are still poor. The apple crop will be only 38 percent of last year, and Otsego county it will be very much less than that. The tabulation of the amounts raised by counties for the Jubile Fund of the New York State W. C. T. U. shows that just one-half of the counties have reached their quota. The quota for Schoharie county was fixed at \$1737.00 and she has exceeded that amount by \$25.81.

Schoharie county is still producing quite a quantity of hops. This year's growth is not of the very choicest but is an average quality. Old hops are selling at 20 to 25 cents and the best new quotations are 3" to 40 cents per pound. The yield is only about two-thirds of last year's crop.

A. O. Blowers, who has been doing excellent work on the West Winfield baseball team the past season, left for Massena, N. Y., Tuesday. From there he will later go to the North Woods to act in the capacity of a guide during the deer season, a position he has served for a number of years. "Briney," as he is familiarly called in this, his home town, is an all-around sport, besides being one of the best types of a sportsman and a dandy fellow. — West Winfield Star.

Says the Worcester Times: Officers for the town of Worcester will be elected this fall and already much discussion is going on over possible nominations. Porter Hadsell, without doubt, be the choice of the Republicans for supervisor while the Democrats have no one seeking the office. Among the names mentioned by the latter party are Charles Goodell and T. W. McCabe.

The Norton Stone and Lime company of Cobleskill has the contract to furnish 25,000 tons of crushed stone for Henry Ford, to be used in the construction of the big Ford power plant at Green Island, N. Y. Six carloads per day are now being shipped.

COUNTY BANKERS ASSEMBLE.

Annual Meeting at Otsego at Cooperstown Saturday—Officers Elected.

The members of the Otsego Bankers' association and their guests held the annual meeting of the association at the Otsego hotel in Cooperstown Saturday evening. A delicious dinner was served and the bankers enjoyed dancing to the music of the hotel orchestra.

At the business session the old officers of the association were re-elected as follows:

President—George H. White of the First National bank of Cooperstown. Vice-President—Judge U. G. Welch of the First National bank of Edinboro.

Secretary—Edward D. Lusk, of the Cooperstown National bank. Treasurer—George Lovell of the Schenectady National bank.

The association voted to handle the bull, Prince of Alcatraz Segia, presented by President Charles H. Sabu of the Guaranty Trust Co. of New York, provided the Otsego County Junior Extension again won the bull at the State Fair for showing the most excellence in Junior Extension work.

Barnard Bakeshop Closes.

The Barnard Bakeshop, which has been in business at 15 Main street for the past year, sold its last loaf of bread Saturday night and Monday the machinery and equipment was shipped by auto truck to Endicott, where the company is opening a new store. Although the bakery has apparently done a flourishing trade, Leon E. Rowe, local manager, states that the business has been unsatisfactory and that it is for that reason that the shop has been closed. Mr. Rowe will remain in the city for a time to clean up the business of the company and then expects to be transferred to another store in the chain.

My office will be open on Tuesday, Sept. 20th. Arthur S. Barnes, D. D. S. adv. 17

LOCAL MENTION

—Two dollars worth for 25 cents.
Where? Oneonta fair, September 19,
20, 21, 22 and 23.

—The ladies of the Lutheran church
netted about \$25 from the bake sale,
held yesterday at the Capron store.

—Inadvertently in referring to the
death of the late Mrs. Lucinda Maples
Wells in The Star of yesterday no
mention was made of her only surviving
sister, Mary Jane Hollister, of
Hartwick.

—James Keller, business manager
for the Charles K. Champlin company,
arrived in the city yesterday to com-
plete arrangements for the fair week
engagement of his company at the
Oneonta theatre.

—George A. Roberts, former man-
ager of the Oneonta theatre and now
general manager of the O. S. Hat-
way circuit, is in the city looking after
Mr. Hathaway's interests in connection
with the remodeling of the local
playhouse.

—Mrs. George H. Scherer will speak
at the mid-week meeting this evening
in the First Presbyterian church on
some of her experiences in the
Foreign field. Mrs. Scherer is the
daughter of a Presbyterian missionary
and was born in Syria, and has spent
her life in that interesting country in
missionary work. She and her hus-
band, who is also a missionary, are
at present located in the Lebanon
mountains and are on a turlough in
this country.

SYRIAN MISSIONARIES HERE

Rev. and Mrs. George H. Scherer are
Guests of Dr. and Mrs. Morton
E. Brownell.

Rev. and Mrs. George H. Scherer of
Suk-el-Gharb, Syria, are guests for a
week at the home of Dr. and Mrs. Mor-
ton E. Brownell, 8 Taft avenue. They
recently returned after eight years' mis-
sionary work in Syria and are
spending a year's leave of absence in
America. Dr. Brownell spent a year
in Syria as an epidemiologist and there
became acquainted with Mr.
Scherer.

According to Mr. Scherer, the turbu-
lent population of Syria, half of which
was starved to death during four des-
perate war years in the grip of the
Turkish armies, is settling down un-
der French rule to a new prosperity.
American relief has set the country
back on its feet, Mr. Scherer said, so
that the population now is entirely
self-supporting. The Near East Re-
lief commission maintains its work on-
ly in the large orphanages, which can-
not well be abandoned.

Mr. Scherer and his wife spent the
entire four years of the war in Suk-el-
Gharb, a small village high in the Le-
banon mountains, and were instru-
mental in saving the lives of many of
their Syrian friends when famines
ravaged the country. For more than
two years, they heard no word from
America, getting neither letters or
newspapers through the Turkish cen-
sorship.

Mr. and Mrs. Scherer go from here
to Philadelphia. They plan to return
to Syria next May.

CONTINUATION SCHOOL OPENS

Principal Lawler Gratiified With Re-
sults at the Opening Session.

With 27 pupils already in attend-
ance and several more expected, the
continuation, or part time, school, be-
ing held at the High school building
under the direction of John T. Law-
ler of the High school faculty, prom-
ises to be even more successful than
that of last year.

The law requires the maintenance
of such a school for those released
from regular school attendance on
working permits. Four hours a week
of prescribed work must be com-
pleted. Two courses are offered this year,
by Mr. Lawler. The commercial course,
embracing regular commercial sub-
jects, meets Mondays and Wednesdays
from 3 to 5 p. m. The industrial
course is given on Saturday mornings,
from 8 to 12. Woodworking and sheet
metal work is taught the boys, while
the girls receive instruction in home-
making and dressmaking.

LARGE CLASS AT NORMAL

REGISTRATION YESTERDAY INDICATES A LARGE ATTENDANCE THIS YEAR.

New Faculty Members Here—Classes
Probably Will Start Friday—Model
Grades Filled to Overflowing.

Four hundred and seventy-nine
students registered at the Oneonta
Normal school yesterday when the
school opened for the 33rd year. This
number is unusually large for the
opening day which indicates that there
will be a big school on the hill this
year.

No estimate of the size of the enter-
ing class could be made last night be-
cause new students are constantly ar-
riving. From the number that regis-
tered yesterday it is believed that the
Class of 1922 will be unusually large.

Officers of the school and members
of the faculty were busy all day yes-
terday in directing the registration of
the students and in advising and help-
ing to arrange their courses. Regis-
tration will be continued today, and
class work is to be started Friday.

Four new members of the faculty
assumed their duties at the school
yesterday. Miss Catherine M. Curtis,
daughter of Professor and Mrs. Arthur
M. Curtis, is the new assistant in the
department of mathematics. Miss
Curtis graduated last year from Wellesley college. The new teacher
of physical education is Miss Marion
Alice Shepard. Miss Shepard as-
sumes the duties of Miss Anna M.
Love, who was granted a leave of ab-
sence last June for one year. She is
a graduate of the University of Min-
nesota and of the physical training
course at Wellesley college. Miss Ida
M. Eveland of Franklin, graduate of
Oneonta Normal in the class of 1919,
and Miss Eleanor Eganquist of
Oneonta, two new members of the
faculty in the capacity of model teach-
ers.

In the model grades there is a
record attendance and yesterday when
the school opened most of the class-
rooms were filled to overflowing.

TICKETS ON SALE TODAY

Benefit Game Saturday Promises to Be
Hotly Contested.

Tickets for the benefit game to be
played Saturday between the Oneonta
Giants and Brodie's D. & H. aggrega-
tion of ball tossers will be placed on
sale today at the following places:
Herbert's Clothes shop, McCarthy's
Clothing store, the City Drug store,
and Emory House. Admission price
has been fixed at 50 cents, but here
is no objection to anyone paying a
higher price by way of appreciation of
the efforts of the ball players to place
Oneonta on the baseball map during
the past season. In fact, as this is a
benefit game, the proceeds going to
the players, such an act would be
highly appreciated.

It is hoped that the fans will turn
out en masse for the game. "Lefty"
Davis will pitch for the railroad team,
which fact alone points towards a
hotly contested game. Brodie has
whipped together an excellent club
and he is out to demonstrate that when
the Giants claimed the championship
of Southern New York they laid to
consider his outfit. Of course, the
Giants will have something to say
about that and therein will lie the fun.

The game promises to be a scorcher
and besides that the Giants are
worthy of the support of every One-
onta fan. You can show your appre-
ciation in no better way than by at-
tending Saturday's game. The game
will start at 3:30. Joe Scanlon will
pitch for the Giants.

Many Friends Say Farewell

Members of the congregation of St.
James' Protestant Episcopal church to
the number of about fifty assembled
last evening at the union station to
say farewell to Rev. R. A. Forde and
family, who left on the 8:20 train for
Boston. From that city they sail to-
day for Yarmouth, going thence to
Halifax, Nova Scotia, where Mr. Forde
has accepted a charge embracing sev-
eral stations on the coast. While in
this city Mr. Forde had made many
friends who will regret his determina-
tion to leave Oneonta but will wish
him the highest measure of success
in the new position to which he has
been called.

The Philatelic Elect

The annual meeting of the Philatelic
society of the First Baptist church
was held yesterday afternoon at the
church parlors. There was a good at-
tendance, and the reading of the re-
ports for the year was followed by
the election of officers as follows:

President—Mrs. E. J. Winans.
Secretary—Miss Hattie Mumford.
Treasurer—Mrs. W. S. Ford.
The vice presidents and members of
committees, who are named by the
president, will be announced at a later
date.

Removals

E. T. Burrows has removed from 5
Chestnut avenue to 53 Chestnut street,
the house recently vacated by Miss Fritts,
who removed to her recently acquired
property at the corner of Chestnut
and Academy streets.

W. B. Campbell has removed from
12 Tilton avenue to 15 Draper street.

ONEONTA TRACK IS FAST

So Declares E. R. Dunbar, Driver for
H. M. Stanford, Who Says That the
Races at the Oneonta Fair Should
Be First Class.

E. R. Dunbar, driver for H. M.
Stanford, has recently returned from
an extended trip with the Stanford
string and is now training here the
horses for the races at the Oneonta
fair next week. The horses of Mr.
Stanford have started in 10 race meets
thus far this season and every one of
the string to start won either first or
second place. This is a record which
it is believed no owner of five horses
has made this season.

Mr. Dunbar had Silky Mack, the
fast one recently injured on the Nor-
wich fair grounds in a collision with
a motor car, out on the track yester-
day for a "warming up." The horse
appears to have suffered no loss of
spirit and to move with no hesitancy
and is rapidly recovering from the
injuries sustained. Dr. Brand is seeing
him daily and thinks that he will be
able to start in the races at the One-
onta fair. Mr. Dunbar drove Silky out
for two double-headers yesterday and
was well pleased with the way he
performed.

Speaking of the local track, Mr.
Dunbar expressed it as his opinion
that the track is the fastest that he
has met with this season and he
credits some lowering of records here
if the weather is favorable. He re-
ports many horsemen talking of mak-
ing entries here and it is his expecta-
tion that the number to enter will be
increased considerably by the mail of
early today. Already more than 40
horses are entered. That number alone
assures some good racing.

Mr. Stanford is especially anxious
to assist in making the meet here a
success and it is not improbable that
everyone of his string of five horses
will start during the week. The list
of entries will be completed today and
will, doubtless, be made public Friday
morning.

SCHOOL GARDEN EXHIBIT

Display of Pupils' Gardening Progress
Most Meritorious.

The annual school garden exhibit
held at the River Street school yester-
day afternoon from 1 to 3 was
such as to inspire confidence in the
future of the gardening art in One-
onta. Those fortunate enough to in-
spect the displays saw a collection of
garden vegetables, flowers and canned
fruit and vegetables that would do
justice to any mature exhibitor.

The contest, which is an annual af-
fair, is open to pupils of the three
ward schools, the River street, the
Chestnut street and the East End.
All of the details of planting and cul-
ivating were attended to by the
youngsters under the supervision of
Mrs. Susan Hoyt, who has given much
time and thought to the project, in
addition to having instructed classes
in sewing for the students during the
spring and summer months.

The judges of the contest were
George Wohlleben and Miss Marion
Yager, who found their task not an
easy one. It has been the custom not
to publish the findings of the judges
until after the prizes have been dis-
tributed and for that reason the list
of prize winners will not be published
until later.

Ladies, see our line of trimmed and
untrimmed hats at lowest prices. We
want to pay tells the story. The Pat-
tern Millinery, Mrs. C. E. Dibble, 467 Main
street. Advt 31

NEW THEATRE NEARLY READY

Charles K. Champlin Stock Company
Will Open Season at New Oneonta
Theatre Monday Night as Scheduled.

That O. S. Hathaway's Oneonta
Theatre, greatly enlarged and remod-
eled throughout, will open Monday
evening as scheduled with Charles K.
Champlin's ever popular stock com-
pany as the attraction was assured
yesterday when William Hyder of the
American Seating company, with three
assistants, arrived in the city to in-
stall the seats. Manager Ed. H.
Moore gives assurance that, although
the draperies, decorating, plaster of
paris work, etc., will not be complet-
ed, work will be far enough advanced
to enable the management to play
Mr. Champlin for his annual fair
week visit. To connect the old the-
atre with the new section and to install
the seats and perform the many other
necessary tasks has seemed to many
an almost impossible task to accom-
plish in one week but by dint of night
and day work on the part of McFee
& Horst, contractors, and splendid
planning and cooperation the task
will be done and the theatre will open
Monday as advertised.

Immediately after the Champlin en-
gagement work will be begun to com-
plete the theatre in its entirety. When
completed there is no doubt but that
Oneonta will be able to boast of one
of the best theatres for a city of its
size between New York and Buffalo.
Nothing has been overlooked to insure
the safety and comfort of patrons.
Brick, concrete and steel construction
throughout will insure fire protection
as complete as it is possible to get.
A new heating system, now being in-
stalled, and retelling and smoking
rooms, also in process of construction,
will add to the comfort of patrons.
Those artistically inclined will be sat-
isfied by the decorative scheme which
has been planned. The walls will
be given a "fine" plaster finish, which
lends itself more readily to decora-
tive effects than does the rough finish
generally used. New curtains and
hangings and a new lighting dome
will complete the scheme.

Two Fine Golfers

There was a goodly number of golf-
ers at the Country club yesterday af-
ternoon to witness the match between
S. E. McKean of this city and Carl
Anderson, an expert, who is repre-
senting the Wilson golf ball in this
section. At the end of 18 holes, the
score was a tie and two additional
holes were played, with the result
that Anderson had McKean 1 down
at the end of the 20 holes. Both play-
ed fine golf and the spectators keenly
enjoyed the excellent work of both
players. They are about as evenly
matched as any two players could well
be.

Last Grand Concert

The Company G band gave the last
of its series of popular concerts last
evening at the corner of Main street
and Ford avenue. The program given
in yesterday's Star was admirably re-
ceived and, judging from the liberal
applause, was well received by the
large crowd that always gathers when
Duesler's musicians tune up. Mr.
Duesler and his men are to be con-
gratulated on having given such a suc-
cessful series of concerts this season.

Arbuckle and his wife separated some time ago and he has been voluntarily paying her \$1800 a month for her support, it is said.

LARGE CROWD IN DELHI

Large Attracts Many Who Witness Exciting Races—Calder and Clarke to Speak Today.

Delhi, Sept. 14. — The large crowd which forced its way into the first grounds today witnessed some of the best races of the meet. Although none went beyond three hours, they were all hotly contested.

The results were as follows:

2:08 Race—Purse \$300.

Miss Chamberlain, Molloy, Middletown 1 1 1
Gale, Miss Camp, Oneonta 2 2 2
Nealon, Osborne, Monticello 4 3 3
Bellardine, Camp, Oneonta, was withdrawn after the first heat on account of lameness.
Best time: 2:18 1/4.

2:27 Race—Purse \$300.

May Daphne, Wheeler, Stamford 1 1 1
Della, Todd 2 2 2
Barcan, Molloy, Middletown 4 3 3
Nellie McKay, Patterson, Carbon-
dale, was withdrawn after the first
heat on account of lameness.
Best time: 2:29 1/4.

2:20 Trot—Purse \$300.

Golden Frisco, Patterson, Carbon-
dale 1 1 1
Special Parole, Wheeler, Stam-
ford 2 2 2
Rose Todd, Thayer, Rochester 3 3 2
Best time: 2:18 1/4.

Thursday's races will be the 2:18
pace, the 2:22 pace and the free-for-
all the purse in each case will be
\$300.

Calder and Clarke to Speak.
Although Thursday will be the last
day of the fair, it promises to be the
most interesting. United States Sena-
tor William M. Calder will deliver an
address and it is expected that Con-
gressman John D. Clarke, a native
son, will also speak.

BODY OF SERGT. O. R. SLAVIN.
Reaches Oneonta Last Evening—Fu-
neral Announcement Later.

The body of Sergeant Charles R. Slavin, a member of Company K, 8th
Cavalry, U. S. Army, who was killed
in action in the Philippine Islands on
October 3, 1918, reached Oneonta last
evening via the Ulster & Delaware
railroad from Hoboken and is now at
the home of his parents, Mr. and Mrs.
L. A. Slavin, 43 Prospect street. Owing
to the late hour at which the body
arrived, no arrangements have as yet
been completed for the funeral service,
announcement of which will probably
be made in 'The Star' of Friday.

Funeral of Mrs. E. A. Wells.
Prayer service for Mrs. Edwin A.
Wells will be held at 12:30 p. m. on
Friday at the home of her son-in-
law and daughter, Mr. and Mrs. John
L. Bowditch, 38 Ford avenue, in this
city. Friends are requested not to
send flowers to the house.
Following the prayer service, which
will be conducted by Rev. Dr. James
C. Russell of the First Presbyterian
church, the body will be taken to
Hartwick, where the funeral will be
held in the Christian church, of which
Mrs. Wells had for many years been
a member. Rev. J. A. Dillon will of-
ficiate and burial will be in the Luther-
an cemetery in the town of Hartwick.

A Demonstration Tea.
There will be a demonstration tea
at the Testing Home for Today's
Housewife, Cooperstown, on Thursday,
September 22, at which time we will
demonstrate cleaning equipment. Every-
one is welcome. We will be very
glad to demonstrate our entire equip-
ment to Home Economics classes who
wish to visit the Testing Home, but
classes desiring to do this are re-
quested to make an appointment in ad-
vance.

How Peanuts Grow.
The common peanut grows in a pe-
culiar way that is distinctly original.
The little plant sends up its shoots
with the fruit on the end of a some-
what stiff stalk, and then before it
ripens the stem bends over and care-
fully pushes the fruit underground. As
peas are said to be especially fond of
these it has been humorously suggest-
ed that the plant does this to hide
its nuts from the porker's too inquisi-
tive investigations.

Tottering for 600 Years.
The famous Leaning tower of Pisa
is of pure white Carrara marble in the
Gothic style. Its departure from the
perpendicular has been variously in-
terpreted, but there is little doubt that
it rises from the softness of the soil
on which it stands and which has
given way. Notwithstanding its
threatening appearance, it has now
stood for more than six hundred years
without rent or decay.

The Kiss in Religion.
The religious significance of the
kiss began in the early Christmas
church ritual and still is imparted in
the Greek church on Easter Sunday.
In the middle ages it was the custom
to kiss children three in the name of
the Trinity. Gradually the custom
spread beyond the walls of the church
and eventually people sealed recon-
ciliation and peace with a kiss.

Making Pretty School Togs for Particular School Daughters!

IT'S every Mother's ambition that daughters
going to school have the smart, pretty
togs that mean so much to school girls.

But whether Daughter is satisfied that they
have the little touches of chic and youth-
fulness is quite another thing—when school
clothes are made at home!

Much depends on the Pattern—for, if a
Dress is to have an air of newness and smart-
ness, the pattern must be new, reflecting all
the new styles that one sees in the ready-
made.

Mothers can depend on McCall Patterns for
this: these new "printed" Patterns (be-

sides being wonderfully easy to sew with)
have the sprightly, youthful styles that young
girls like.

A school dress planned from the McCall Fall
Book of Fashions (just from New York) will
have the newness and smartness of one that
might cost many times more, and the new
"printed" Patterns make sewing marvel-
ously simple and pleasant!

Call Pattern 2197—(every one in New York
has adopted it!)—the newest one-piece

RUNAWAY MOTOR CAR WHEEL.

Jumps High Bank Near Merdale and Hides on Bank of Brook.

Merdale, Sept. 14. — Willis Vandenburg and family were on their way to Delhi Saturday night and when near Parker Shaw's farm the left rear wheel came off and jumped over a stone wall. The wheel went considerable distance, landing down by the brook and it took some time to locate it in the dark. Mr. Vandenburg had considerable trouble in stopping the car but was able to keep on the road. Several passing cars stopped and the drivers assisted him in the trouble. After a few hours repair the car returned to Merdale under its own power. Fortunately no one was injured.

Mexican Government to Refuse to Furnish Oil and Tires to Employees.

Mexico City.—The Mexican government, by refusing free gasoline, tires, repairs and garage service to its employees who use government automobiles, hopes to effect a saving of more than \$1,000,000 annually. Several more hundreds of thousands will be saved to the government when army officers are forced to purchase their own gas uniforms, and there will be a still greater saving when all federal employees drawing more than five pesos (\$2.50) daily suffer a wage reduction of 10 per cent.

These economies which, it is understood, will be made effective shortly, are in line with a program of rigid thrift inaugurated by presidential decree.

Too Many Women in Europe.

Berlin.—Unless recently advocated plans of a Bulgarian solon and a Colorado farmer result in laws permitting farmers and others to have more than one wife are accepted in Germany, from 30 to 40 per cent of the German women are doomed never to have husbands, according to statistics gathered by Albin Michel, a German expert, who declares that Europe's surplus women have increased until they exceed men by 15,000,000.

DISEASE MADE HER STEAL

After Failure of Law to Cure Woman, Physicians Will Operate.

Following the failure of the law, science will try to cure the burglary tendencies of Mrs. Fannie Liebowitz, of New York city, third-time offender. Dr. E. H. Vaughan says the woman is the victim of hypothyroidism, a disease causing a dulled mentality, due to the fact that there is insufficient secretion from the thyroid gland. If the amount of secretion is increased to normal, intelligence is stimulated, and the person begins to reason correctly and to distinguish between right and wrong. After treatment Mrs. Liebowitz will be placed under a test to determine the success of the operation.

BIGGEST PHONE CABLE LAID

Carries Hundreds of Wires From Detroit to Canada Under the Detroit River.

Detroit, Mich.—What is said to be the largest telephone cable in the world was laid across the Detroit river recently between Detroit and Windsor, Ont., making it possible to conduct 600 conversations simultaneously there between the United States and Canada.

Direct trunk line connections between each of Detroit's 10 central offices and the offices of the Canadian company are made possible, obviating the need of handling calls between the two cities on a long distance basis. The new cable makes provision for the growth of both cities. It is estimated it will take care of Detroit's needs up to a population of 2,000,000. The cable has 408 pairs of wires, is three and five-eighths inches in diameter and 3,900 feet long, and has an aggregate weight of 50,870 pounds. It lies on the river bed, 48 feet deep in places.

City and telephone officials from both sides of the river combined to give the laying of the cable an international aspect.

The NEW EDISON

The New Edison and books carry culture everywhere.

"Where did you hear Muzio?" the New York dowager asked her out-of-town niece.

KNOWLEDGE of good music is one of the marks of true culture. You and your children can absorb all that is worth knowing in music, by having a New Edison.

This was proved once again when Bamboschek, principal conductor of the Metropolitan Opera Company, recently heard Muzio, the Metropolitan's great dramatic soprano, compare her voice with its Re-Creation by the New Edison. He said: "The quality of

Miss Muzio's voice and the quality of her Re-Created voice are identical."

But the New Edison brings not only the beauties in music. Its perfect realism releases, at last, all the power in music,—and makes possible this newest, greatest step forward in music:

MOOD MUSIC—WHAT IS IT?

Send the coupon for this new book which shows you how to use music for what it will do for you.

Some music has a miraculous power. It soothes you when you're nervous, refreshes you when tired, cheers you when blue. Mr. Edison determined to discover just which selections have this power. Two years ago, he organized a research, and placed it under the direction of Dr. W. V. Bingham, Director of the Department of Applied Psychology, Carnegie Institute of Technology.

The research showed that certain Edison Re-CREATIONS had this remarkable power to affect people's

moods and feelings. The psychologists called these Re-CREATIONS "Mood Music".
